

SNIPING CONTINUES IN DUBLIN STREETS

Residents Warned to Remain Indoors at Night to Escape Harm.

ARMY CAR IS BOMBED

Free Staters at Dundalk Trying to Drive Rebels Across Frontier.

GAINING IN COUNTY CORK

Red Cross Workers Killed Viewing Scenery on Killarney Lake.

DUBLIN, Aug. 19. (Associated Press).—Military authorities to-day warned citizens to remain indoors this evening as there is reason to believe that the rebels contemplate attacks in certain places in Dublin city and county. There was heavy firing all last night throughout the city between national army forces and rebels. Free State troops on patrol duty were fired at by snipers and machine gunners, who attacked national posts in various parts of the city. The plans of the rebels, however, were frustrated by the vigilance of the national troops, it was said to-day.

Fighting Around Dundalk.

Large forces of Free State troops are operating near a most north of Dundalk to which the rebels retreated when Dundalk was captured by the Free State forces two days ago. The Nationals are endeavoring to force the rebels across the northern frontier. The latter are reported to have accumulated large stores of ammunition and provisions, and a bitter struggle is expected. Considerable numbers of Dundalk men have been rounded up, but all those who pledged loyalty to the Free State were released. The town and its environs are quiet.

Reports from Crossna say that the rebels have imprisoned the entire congregation of the local Catholic church, tying the gates with ropes and terrifying the women and children.

A raiding party last night attacked the residence at Foxrock, six miles south of Dublin, of Sir Henry Robertson. Despite a plucky defense by the caretakers, the marauders gained entrance, and after disarming the occupants of the house, destroyed its valuable contents. None of the family was hurt.

National troops on the way from Tipperary to Caswell, were ambushed by rebels to-day at Golden. A fierce fight followed with rifles and machine guns as the chief arms. The engagement lasted two hours. Several Nationals were reported wounded, including Capt. McCormack. Republican casualties are unknown. Red Cross ambulances were speeded to the scene.

Macroom Captured.

Free State forces are advancing on the rebels from both the north and south in County Cork, and a bulletin announces the capture of Macroom, one of the more important centers in the western part of the county. Millstreet, the last post under the Macroom command, was taken yesterday. A fierce fight for Kildorrery, near Mitchelstown, resulted in a victory for the Nationals, who took the town, prisoners and a large quantity of arms and ammunition.

Two Red Cross workers attached to the National army have been killed in the Killybegs district, according to a report from Tralee. They were viewing the picturesque scenery from a small boat on Lough Leane and were fired on as they were disembarking on Innishannon Island.

LONDON, Aug. 19.—A Press Association dispatch from Dublin says there is ample evidence that the rebels, who admittedly have been defeated in the field, are planning a new campaign of terrorism and destruction. The insurgents' tactics are undergoing a change, which has become more and more apparent since their rout from Cork.

It is not their intention to hold on to areas as an organized force and invite conflicts at close quarters with the Free State forces, adds the dispatch, but to strike swiftly and inflict the maximum amount of harm to all men of questionable loyalty. The rebels are declared to be undergoing organization into flying columns, composed of about thirty to forty men, and divided into squads of five, to carry out the new tactics.

The rebels intend to conduct guerrilla warfare "by the same methods as when war was waged against the English"—in these words the irregular higher command has notified the rank and file. At the same time strict orders have been issued against "indisciplined looting." The burning of hay racks, court houses and workhouses and the destruction of railways and bridges will continue and is authorized by the leaders.

The mutineers may be inclined, comments the Press Association, to ignore the important fact that in the main the people of Ireland favor the National troops; that the Free Staters had ample experience with guerrilla warfare without support from the people and that spasmodic attacks by roving bands cannot be conducted with complete immunity to those taking part in the attacks.

TACNA PACT UNRATIFIED.

Peru Chamber Has Not Yet Acted on Agreement.

LIMA, Peru, Aug. 19.—Reports circulated abroad that the Chamber of Deputies here had ratified the Tacna-Arica agreement recently signed in Washington are due to misapprehension of the Chamber's action, as the agreement has not been ratified. At the session Wednesday night, after Chancellor Alberto Salomón had concluded a review of the Tacna-Arica negotiations, an almost unanimous vote of confidence was given him.

This vote was erroneously construed as a ratification of the Tacna-Arica agreement, which, however, was not the case, for while the negotiations were discussed, the vote was confined to an expression of confidence in the Chancellor.

Men Facing Electric Chair Appeal for Electric Fans

THE August heat has penetrated the Sing Sing death house, its inmates let it be known yesterday, when several of the twenty-seven confined there asked for electric fans. Luther Boddy, condemned slayer of Detective Sergeant Miller and Buckley, seemed to suffer more yesterday than the other death house occupants. Boddy goes to the electric chair in ten days. Each inmate of the death house is confined to his cell night and day, except for fifteen minutes allowed for exercise in the yard.

CHINESE POUR SHOT INTO U. S. STEAMER

Wound Captain of Robert Dollar Company Boat on the Yangtze River.

SHANGHAI, China, Aug. 19. (Associated Press).—The American river steamer Alice Dollar was fired on August 15 near Pichow, on the upper Yangtze River and her captain, G. Crum, was slightly wounded, according to advices received by the Robert Dollar Company here from Ichang, Province of Hupeh.

Volleys were poured into the Alice Dollar from the banks, presumably by troops of both northern and southern forces, which have been reported firing on other vessels on this river. Hundreds of bullets struck the American steamer, but only the captain was wounded.

Capt. Crum sent all passengers below the decks when the shooting started.

The scene of the firing was in the famous George district of the Yangtze River, along whose stretches northern and southern troops have been fighting and raiding the countryside since Sun Yat Sen sent his army northward several months ago in an ineffectual drive against the Peking line. It is about 300 miles up the river from Shanghai.

The attack on the Alice Dollar is the second instance of Chinese partisans firing on the American flag during the last few weeks. On July 14 a Standard Oil barge was the target for a volley of bullets near Canton.

BRITONS FLY FROM CALCUTTA. CALCUTTA, India, Aug. 19.—Capt. Norman Macmillan and Capt. Mallins, two British aviators, who have taken up the round the world flight which Major W. T. Blake abandoned because of indisposition, left here to-day for Alkay, Burma.

NEW MEXICAN RISING NIPPED IN PUEBLA

Federico Cordova, Captor of Jenkins, Comes Again to the Fore.

SUPPORTER OF FELIX DIAZ

List of Subscribers to Revolt Fund Captured With Leader's Secretary.

MEXICO CITY, Aug. 19.—Federico Cordova, who was charged with the kidnapping three years ago of William O. Jenkins, American consul agent at Puebla, has again come into public notice as active head of a group of revolutionists in the State of Puebla. According to several prisoners captured by the Federal forces in the past few days, these revolutionists have outlined a definite programme of uprising centering in the States of Puebla and Tlaxcala.

Cordova appears to have selected Gen. Juan Ubrera and Gen. Guerrero as his principal aides. Gen. Ubrera has been seriously injured in a clash with Federal troops, says a war office report.

Cordova's activities were considered unimportant until yesterday, when in a skirmish two miles from the city of Puebla, several prisoners were taken by the Federal forces. The prisoners were found to be carrying documents implicating prominent ranchers and well known civilians in a plan for the immediate subjugation of the States of Puebla and Tlaxcala. Investigation is said to have proved that the Cordova was in reality strong support followers are in reality strong support of Felix Diaz and that an ambitious program of revolution looking toward nationwide uprisings has been plotted.

The War Office is declared to have a complete list of all subscribers to the proposed Puebla revolution, found on the person of Cordova's private secretary, who was captured. Puebla dispatches state that court-martials are being held, but so far as is known firing squads have not yet been called out.

Tlaxcala is still in an unsettled state. Rebels are extremely in newly opened oil fields in that state and even gone so far as to hold oil workers, among them some Americans, as security for tribute. Oaxaca and the Isthmus country are also disturbed, popular resentment in Oaxaca being directed against Governor Garcia Vigil, who is charged with imposing intolerable laws. Newspaper dispatches from other states, notably Chihuahua, Durango, Sinaloa, Jalisco and Vera Cruz, indicate some rebel movements, although the government still possesses undiminished superiority.

DIRECT CABLE SERVICE TO EUROPE IMPROVED

Offices to Decline Business via South America.

Cable communication with Europe by direct transatlantic lines has so improved during the last week that the All American Cables system announced yesterday that it had instructed its offices in this country to decline any European business by way of South America, a route suggested as an emergency measure.

The six lines left working after the seizure of nine cables by the Irish rebels were not necessitated a service to Europe by way of South America, a few paid messages only being carried that way before the situation was thoroughly understood, according to a statement by the company. The company also reported, relayed via All America system to all South American republics as normal.

DENY ENVER PASHA IS DEAD.

BAKU, Aug. 19.—Enver Pasha, who was reported found dead on the battlefield in Bokhara recently, was reported here to-day as still living up until August 16, when he was seen several hundreds of miles from the spot where he was supposed to have died.

Enver Pasha has been reported killed so regularly recently that his friends consider the reports of his death unfounded, especially since an armistice was concluded between the Bolsheviks and the Moslems of Turkestan several weeks ago.

WILL FIGHT UNFAIR BALLOON DECISION

Honeywell Willing for De Muyter to Receive Award if He Won Race.

LOSS OF BAG IS ISSUE

American Says Board Is Disturbed at Prospect of U. S. Holding Trophy.

PARIS, Aug. 19. (Associated Press).—Capt. H. E. Honeywell, American balloonist, speaking to-day of the pending decision on whether he or Lieut. Ernst de Muyter, Belgian pilot, will be declared the winner of the recent race for the James Gordon Bennett Cup, said: "If de Muyter wins fairly, my position is that he should have the award. But if he wins unfairly, I'm prepared to protest."

Capt. Honeywell made this statement after reading yesterday's dispatch from Geneva quoting the Belgian balloonist as saying in a message to the race committee that newspaper reports to the effect that his balloon escaped without him from a Rumanian forest were incorrect. De Muyter's message said he

had witnesses to prove that his balloon, the Belgica, made its escape twenty-four hours after his first landing. "If it is true that de Muyter's balloon made a greater distance than mine," said Capt. Honeywell, who is on his way to Scotland and thence to St. Louis, his home, "but had I been willing to take a chance on losing my balloon, as did he, I could have stayed up many hours longer."

"The point that appears to be disturbing the committee in making its decision is that if I am given the decision then this will make the fifth time that Americans have won the race, so that the cup would go definitely to the United States. It has been stated in the French press that if de Muyter is disqualified no winner will be declared. I am unable to see what de Muyter's disqualification has got to do with me."

According to Cortlandt Field Bishop, who was Capt. Honeywell's representative at Geneva, de Muyter did not report the conditions of his landing either by letter or telegram within forty-eight hours as required by the rules. Mr. Bishop says he is prepared to demand that an investigation be made on the spot where de Muyter landed to establish the manner in which he lost his balloon.

Capt. Honeywell said he had a large number of Hungarian witnesses to his landing. He said he was treated royally throughout Hungary.

THREE GIRLS DROWN AT BEACH

TIVERTON, Ont., Aug. 19.—Three girls were drowned to-day, while bathing at Inverhuron Beach on the shores of Lake Huron. They were Florence and Margaret McKay of Bruce township and Grace Stevens of Detroit. Their ages ranged from 12 to 14 years.

J. M. COX INTERESTED IN HUGO STINNES

Former Democratic Candidate Calls on Ebert and Wirth.

SPECIAL CABLE TO THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD. New York Herald Bureau. Berlin, Aug. 19.

James M. Cox, one time Democratic candidate for President, arrived in Berlin to-day, apparently well satisfied with the way the League of Nations has handled some of the problems of Austria and Czechoslovakia. He visited President Ebert and Chancellor Wirth and expects to see Hugo Stinnes.

Mr. Cox will go direct from Berlin to London and thence to Ireland. "The loss of Griffith, Northcliffe and Rathenau is a serious blow to all the world," said Mr. Cox. Speaking of Austria, he said that that country's plight could be remedied, but that improvement was slow on account of the weak government. He said that Czechoslovakia had promised to deliver half her sugar production to Austria this year without export duty and also a large percentage of her oil production. Austria can save herself through the development of her water power, Mr. Cox asserted.

He declined to comment on the prospects of America renewing her interest in the European situation. He appears to be intensely interested in Hugo Stinnes and questioned newspaper men about the industrial leader down to the minutest detail, even wishing to know in what style Stinnes keeps his beard trimmed. He said he understood that Stinnes' interests in Russia were greater than has ever been supposed.

LAKE LUCRIN YIELDS FISH READY COOKED

Authorities Forbid Collection, Fearing Poison Gases.

NAPLES, Aug. 19. (Associated Press).—Thousands of dead eels, gray mullets, sea bass and other fish have come to the surface the last few days on Lake Lucrin, near the north shore of the Gulf of Naples, from which it is separated only by a narrow sand spit. Fishermen were delighted, as the fish appeared to be already cooked, but the authorities prohibited collection of the fish, fearing they had been poisoned by an eruption of gases. These gases made the water bubble and boil, thus killing and in a way cooking the fish. Lucrin is a small lake said to have been formed by a volcanic phenomenon in prehistoric times. It was well known in the time of Cleopatra and Horace, as they extolled its oysters and muscels.

\$1,000 FOR TRAIN WRECKERS.

Pennsylvania Road Offers Reward in Destructive Attempts.

PHILADELPHIA, Aug. 19.—The Pennsylvania Railroad to-day announced \$1,000 reward for information leading to the arrest and conviction of the person or persons who attempted to wreck trains on its road at points just outside of the city.

It is charged that an attempt was made to dynamite Haskell bridge, south of this city, and that a switch north of the yards was plugged.

FIFTH AVENUE AT 38TH STREET.

Paris Paints the Mode in

AUTUMNAL BROWNS

Borrowing Every Tint and Shade of the Mellow Season from the
Pellucid Amber of the Harvest Moon to the Deep, Rich
Browns of Furry Sables and Beavers.

SENTIMENTAL Paris dyes the mode in harvest hues of brown, and each of the grand couturiers features the tint of his temperament. Renée begins with the topaz of September goldenrod; Poiret deepens the range to the copper browns of turning maples; Patou blends the rose-tinged browns of autumn sunsets; Brandt claims the tobacco brown of seared oak leaves. And Bonwit Teller & Co.'s autumn palette reveals them all—a spectrum of browns—in every detail of the autumnal costume.

WOMEN'S GOWNS

In Autumnal Browns

A MODE of dignity and sophistication is the gown of brown for tailleur, afternoon, dinner or evening wear. In cloth it is a coat-dress with all-over embroidered Russian blouse. In sheer fabrics it is draped in Egyptian or Persian fashion, or ripples into a circular skirt with circular "bib" bertha. Long sleeves, jeweled embroidery, twisted girdles, uneven drapes—these are fashion notes in the mode of brown.

55.00 to 295.00

Daytime Fabrics in Autumnal Browns
Are: Juina, Heliosa, Duvelyn,
Matelassé, Satin, Crepe Back
Satin, Broché, "Flat"
Crepe, Velvet

WOMEN'S GOWNS—Second Floor

JEUNE FILLE GOWNS

In Autumnal Browns

YOUTH, studied rather than naive, is the spirit of the Jeune Fille mode of brown. Here a velvet frock with circular skirt and bertha recalls the Italian Renaissance; there a draped frock in crepe-back satin harks back to Victoria's jubilee. A bodice compose frock of velvet and silk is essentially modern. But the theme is brown—for school time or dance time, in brown hues for every youthful type.

55.00 to 210.00

Dinner and Evening Fabrics in
Autumnal Browns Are: Chif-
fon, Georgette Crepe,
Crepe Roma, Satin,
Velvet, Lace

MISSES' GOWNS—Third Floor

FIFTH AVENUE AT 38TH STREET

ACCESSORIES

In Autumnal Browns

BROWN MILLINERY—

From a chic sports-type hat of felt to a dinner hat of lace the autumn hat may be brown, and if it is of panne velvet, velvet, crushed satin or felt it is smart, and if it is very large or very small it is correct.

BROWN BLOUSES—

The blouse of autumn is the overblouse—sometimes a coat-blouse of brown satin matelasse, sometimes an overblouse of "flat" silk crepe with smart embroidery in silk and metal threads.

BROWN FOOTWEAR—

Otter, beaver, chocolate—these are the browns of the autumn pump, in calfskin, satin, suede or suede piped with kidskin, in tongue, buckle or new strap effects.

BROWN BAGS, HOSE, GLOVES—

Moire silk bags in hues of brown with sterling or marcasite ornaments. Silk hose in marron rouge or browns to match the slippers. Brown gloves in gauntlet or mousquetaire styles of glace or mocha.

BROWN VEILS, GIRDLES, KERCHIEFS—

Lace veils to trail softly from large or small hats. Girdles of topaz or bronze beads. Kerchiefs of French linen in tones of yellow and tan to wear with a brown costume.

AMBER NECKLACES AND PENDANTS—

Long ropes of genuine amber beads, also beautifully carved pendants to make an analogous harmony with the brown tones of the mode.
